

ANNABEL A. MUENTER

May 17, 2010. She is survived by her husband, John; daughter, Annabel (Erik) Edwards; sister, Lissa (Rick) Lepley; brother, Chris (Rose) Adams; nieces and nephews. Annabel was a Photographic Scientist with the Eastman Kodak Co. for over 35 years.

A Memorial Service will be held Saturday, 2:00 PM at St. Thomas Episcopal Church, 2000 Highland Ave. Rochester, 14618. Interment will be private.

Contributions in Annabel's memory may be made to the James P. Wilmot Cancer Center, 601 Elmwood Ave., Box 704, Rochester, NY 14642 or to The Friends of Eastman Opera, Eastman School of Music, Office of Development, 26 Gibbs St., Rochester, NY 14604.

ANNABEL A. MUENTER

May 21, 2010

Annabel and I worked on several teams together doing research and development work on color film. I always admired her scientific insight and integrity. We had a number of one-on-one meetings and at one point were on different sides concerning the origin of a technical problem. Throughout, Annabel was gracious and accepting of my view point. Some of my best memories of Annabel are the fun discussions about Williams College we had when her daughter was a student there. My deepest sympathies to her family. May the support of friends comfort you as you remember a life well lived.

During my years of working with Annabel in the Eastman Kodak Research Laboratories I became deeply impressed by her keen intellect, her kindness towards others, and her genuine enthusiasm for science. Her uplifting and refining influence has touched the lives of many. I send my heartfelt condolences to her family, and pray for them to be comforted in the days ahead. Sincerely,

Dear John,

I was deeply saddened by the news that Annabel had died. I hope that the fond memories of your life together will help you to get over the difficult days ahead.

Fondly,

Eric

I am so sad to hear this.

The first time I meet Annabel we immediately started talking about Opera, she was so passionate about it!

I wish there was an 'aria' to express to John and family my deepest condolences.

May 20, 2010

My prayers are with Annabel's family at this time. I had the honor of working with Annabel on many teams together. Her ability to thread her work at Kodak through both the scientifically interesting and industrially relevant was unmatched. She was an excellent mentor for me as I grew into technical leadership positions at Kodak. A fond memory was of singing Karaoke together at the final EastWest Symposium.

To Annabel's Family ~ I am extremely sorry to hear this. She was such a pleasure to work with. A very sweet lady. Please accept my prayers and deepest sympathy, Sincerely, Marguerite Weston, UR Chemistry.

May 19, 2010

I had the pleasure of working with Annabel for a short time at Kodak. She was wonderful to work with - insightful, kind, thorough and very committed to getting worthwhile things done. My thoughts and prayers are with you all.

Annabel was a senior scientist when I joined Kodak many years ago. I looked to her as an inspiration for technical excellence. She and I had some

good discussions about Kodak's research directions before she retired. I extend my deepest sympathies to her family. Dr. John Baloga, Director of Analytical Science, Kodak.

Dear John,

I was so sad today to hear of Annabel's passing. I know that you and your family must be heartbroken. My thoughts and prayers are with you at this time of great sadness. She was a wonderful, gracious, lovely woman whom I was honored to meet. Please accept my heartfelt condolences.

Kindest regards,

Debra
