Joe was diagnosed with liver cancer in August a year ago and did not share it openly. He has been battling for a year and was doing much better until this past spring. He was still working on and off and some from home. Joe was a Kodak employee to the end. Joe was 63. He has 2 girls- one in Chicago doing post doc work and one in NYC working.

Joe was one of the highest integrity people I ever met. We will all miss him. Please let others know, services are not yet arranged but there will be a wake in Rochester. Burial will be back in Chicago.
