

Peter M. Stacy

Hilton/Webster: September 26, 2017, age 76.

Survived by his loving wife of 54 years, Diane; his children, Andrea (Jim) Chamberlain, Gregg Stacy, Michael (Susan) Stacy; brother, James (Gayle) Stacy; sister, Susan (Chris Klee) Stacy; grandchildren, Maxwell & Haley Chamberlain, Joseph & Daria Stacy, Kasha & Marlena Stacy Zygadlo; and nieces and nephews.

Dolf Bass told me that Peter earned a BS in Chemistry ('63) from St. John Fisher and Ph.D. in Chemistry from University of Rochester ('67). He joined KRL in Dick Spayd's lab in Emulsion Research (1/68). Peter and Diane raised three children in our neighborhood before moving to Hilton. Peter had dealt with debilitating medical problems for many years.

Instead of flowers, donations gratefully accepted to WXXI. The family would like to thank the ICU staff at Unity Hospital for their care and compassion.
